

Tree Tops Children's Occupational Therapy Ltd

We are an established service with an outstanding reputation and Sensory Integration expertise. The Tree Tops team are passionate about making a difference to children's/young adult's lives by working in partnership with families, schools and health professionals.

Tree Tops Children's Occupational Therapy team have been assessing and treating children both within our well resourced clinic and school settings since 2002. Children who access our service range between 2-18+ years of age and can present with a variety of difficulties and /or conditions:

- Independent Life Skills (dressing, feeding)
- Development Co-ordination Disorder (Dyspraxia)
- Visual Perception Difficulties
- Fine Motor Difficulties
- Gross Motor Difficulties
- Autistic Spectrum Disorder
- Asperger's Syndrome \
- Attention Deficit Hyperactivity Disorder (ADHD)
- Sensory Processing Difficulties
- Down's Syndrome
- Cerebral Palsy

- Sensory Attachment Intervention
- Feeding Difficulties
- Sleep Difficulties

Our work also extends to include children with challenging behaviours.

Our therapists are trained in SI and SOS feeding and we also provide training for parents/carers and professionals in all the above areas. We are very proud to have two support groups (details in Other) which are vital to our parents and children/young adults.

We also have a parent support group:
