## Careline 365

A Careline alarm is perfect for anyone who could be vulnerable at home, including older people, disabled people, people with health problems and people at risk of violence or theft. Careline alarms are especially useful for people at risk of falling.

Careline alarms help these groups of people live worry-free in their own homes whilst providing comfort and peace of mind for friends and loved ones.

Our Fall Detector Plan includes the Intelligent Fall Detector Pendant which offers additional protection by automatically generating a call for assistance if a fall is detected and the wearer is unable to push the help button. The Careline Yearly Plan is our most cost effective tariff.
