Pearey House Centre For Visually Impaired

We are a registered charity for blind and visually impaired adults in North Tyneside. We have a day centre that is open 3 days a week from 10am to 3pm where we hold music sessions, quizzes, exercise and many more activities. A home cooked lunch is provided at a small cost but we do not charge to attend our Day Centre. We also own 12 self contained, one bedroom flats for blind and visually impaired adults for independent living in a safe environment.
