

North Tyneside Art Studio II

NTAS II is a great place to meet new people, try your hand at many different art forms and find out more about the positive impact art can have on your mental health and wellbeing!

Workshops are suitable for everyone and no experience is required.

We are working hard to maintain a clean and safe creative space for all workshop staff and participants. If you or a member of your household has tested positive for Covid19 or has any symptoms please follow the government guidelines and do not come to the workshop. You will no longer be required to wear a face mask or face covering when attending but please do so if you prefer.

Our aim is to raise awareness of positive mental health and wellbeing through the arts. Details of workshops and online events can be found here:

<https://www.facebook.com/NorthTynesideArtStudio/>

NTAS II is situated in The Forum Shopping Centre (opposite Greggs) , Wallsend and is supported by NHS North Tyneside Clinical Commissioning Group

Session times:
