

Living Well North Tyneside

Supporting Health and Wellbeing

As part of our engagement programme, the 'Heritologists' can work with schools to combine a little bit of North Shields heritage with a little bit of technology.

Our Heritage programme includes topics such as:-

*The Wooden Dolly

*Shipbuilding and industries of the River Tyne

*Local artists such as Victor Noble Rainbird, George Horton & John Chambers

*The traditional trades of the Fish Quay *Navigation and Saving lives at sea

*Fishing Industry and Fiddler's Green Fishermen's Memorial

We combine the **FREE** heritage talks with technology to make it informative, interactive and fun.

If you have a Project that you'd like to get involved in with us, please email brief details to heritologists@gmail.com and we will get in touch. Thank you.
