

# Living Well North Tyneside

Supporting Health and Wellbeing

Our museum will be open on Saturday's, Sunday's and Bank Holiday's between 10am and 3pm until the end of August!

Please see below for information on group visits which we are able to facilitate outside of the above opening hours.

Standard entry to the Watch House Museum is free of charge. Donations are gratefully received to go towards the upkeep of the collections and the work of the TVLB.

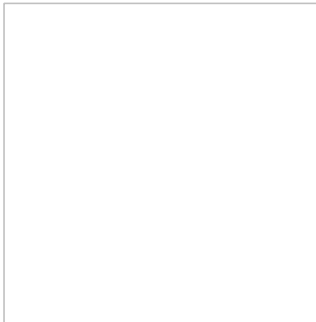

The Museum has on site toilet facilities for visitors and there is disabled access to the ground floor.
