

Living Well North Tyneside

Supporting Health and Wellbeing

Careline Yearly Plan is our most cost-effective tariff.

Alongside the alarm, we provide a range of Key Safes to allow the emergency services safe access into the property. Key Safes are a small secure box that fits to an external wall of your property, which can be accessed by entering a unique code. We offer 3 Key Safe options which can be ordered with your chosen alarm service plan.

For more information, or to order an alarm, call us free on **0800 101 3333** or visit <https://www.careline.co.uk/order-careline>. Use code **365list** to save money at checkout!
